

TELL ME ABOUT YOURSELF

- USER WORKSHEET -

WHO AM I?

I'm an Air Force veteran and software developer. I'm passionate about personal development and sharing that knowledge with those who want to learn. I mentor students to land their dream job, and excel once they've got it.

I specialize in the IT field, however, I teach individuals from all industries the skills required to make it through their interview process, and transform their lives by landing their dream job.

WHERE YOU CAN FIND ME!

I create and publish weekly interview preparation and career success videos on my YouTube channel, as well as frequent uploads to my website and other social media. I also offer resume and interview coaching through my website.

TELL ME ABOUT YOURSELF

QUICK TIP

Every experience should be relevant to the job you're applying to.

PHASE 1: WHERE ARE YOU NOW?

Where are you currently working?
If you're not working, what are you doing to continue your growth?
How is that going to help with this job?

PHASE 2: WHERE HAVE YOU BEEN?

Where have you previously worked, and in what roles?
What was your greatest accomplishment in each role, and what skill(s) did it highlight?

PHASE 3: WHY ARE YOU HERE?

What made you apply to *this* job, at *this* company?
Why do your past experiences make you a perfect fit for this role?
